98 Yes, so where is Trump with the Insurrection Act and active duty troops? One phone call and the 101st airborne division can be surrounding Washington DC and everyone's authority ceases to exist except his.

The Capitol riot was an Antifa op. Antifa is monitored. Trump knew. Either he is GEOTUS, VSG, or he is not. If he fails to deal with all of this, he will be imprisoned along with his entire family and he knows this. Fraud vitiates everything, including election certification. There are 2 weeks between now and the election. Now we will finally see the aces up Trump' sleeve.

▼ Trump did not cut a deal with the enemy nor is he controlled opposition. It just appears he is losing to the swamp right now. That could be because he actually is losing or perhaps this is part of the greatest swamp draining sting of all time and it needed to go this far to expose congress and the VP.

Time will tell. 2 more weeks.

▼ I've seen this, and I simply don't believe it. It's yet another shifting goalpost. The idea that he called everyone down to DC, only for the purpose of sending them home so he can follow some random part of the insurrection act in a country that is otherwise lawless...is ridiculous.

▼ I hope you are right, but I think Trump make some very serious mistakes.

Specifically, he fixed the problems, not the people. If this was a sting, the trap would have snapped shut by now.

Trump did his best, but in the end he just wasn't mean enough.

When we find Trump 2.0, he has to be meaner, angrier, and ready to go after the people our nation and jail them.

I will always be grateful to Trump for getting the bad guys to show their true faces, but I'll be saddened by the missed opportunities to take them off the board.

I don't think Trump did know that in 2016, and I'm not sure he knows the stakes now. Remember he's surrounded by the swamp and has been for four years.

Still, I really think that in the campaign, when they went on and on about him being Super-Hitler, he really thought the democrats would calm down after the election and work with him on bipartisan issues. He had known them for years, and never really thought they would drink their own koolaid.

But they built him up in their minds as the ultimate monster, and started to believe their own spin, and then they couldn't back off.

And he might just be underestimating their crazy again. Or he'd take more aggressive action.

God I hope not. I want him to figure this out and do what needs doing.

Still, if.... Then we fight on with whatever we have.

In Ayn Rand's notes for when she was writing Atlas Shrugged, she wrote about (among other things), why the great men of the past have always allowed bad people to leach off of them, control them, and trample them all throughout human history.

The answer: We project our goodness onto others. And the greatest men, the geniuses, the empire builders, have the most goodness to project onto those around them.

Doesn't matter how much of a genius Trump is, how great of a 4d chessmaster he is, if he's a time traveler, etc etc... if he can't see the evil in others because he thinks that they think like he does.

I just want to grab the phone and do nothing but call and harass all these traitorous bitches, starting with Pence. And do it every fucking day. I want them to feel as restless as I feel right now. I want them to not have a second of peace. I want them to be reminded every second of their filthy, traitorous lives that they are nothing more than a piece of human excrement.

I want them to not want to go out and enjoy a day with family and friends, because of fear that the called "thugs" (Bitch called us that today) are going to be right there reminding them who they are.

No violence, no destruction, but create a perpetual state of restfulness for those devils. They should be welcome anywhere they go. Losers.

16 ▾ If 1776 didn't happen today, it's never going to happen.

Antifa and BLM went for weeks harassing, looting and burning, pressuring their politicians (mayors, govs, etc) to do their bidding. Our planned pressure attempt was stopped short after 2 hours. And wanna bet there won't be anything tomorrow?

And now all these politicians who call us thugs can go to their peaceful lives, and their peaceful dinners with friends and family and know they won't hear from us again.

I was happy to see patriots harass Mitt Romney yesterday, at the airport and on the plane. It should be like this for every traitor, every time they show their face in public.

I made a post on 4chan about exactly this. So, we're basically in the beginning stages of a slew of insurgencies. Because Biden et al are going to sweep in and do nothing but pass law after law that will be perceived as the stripping of liberties. Further, they fucked up and shot that poor girl, so she's now a martyr. Imagine the brick shitting that'll happen if in Feb they pass gun confiscations.

We're soon to start seeing these idiots getting rammed off the road coming home from the air port. There will be assassinations galore. They won't be able to grocery shop without armored escort.

9 I feel happy and calm, actually.

▼ Not kidding.

We have been waiting FOREVER for this day. Now it is here.

Trump IS in control, and any doomer talk is because folks are listening to enemy propaganda. Quit drinking from the enemy's well. It demoralizes you.

Every single thing going on today has been talked about here extensively for a year or more.

18 hours ago, Gen. Flynn told Alex Jones, 100% Trump is President for the next 4 years.

Today, the Capitol Police opened the blocking gates to let us in. They opened the Capitol doors. They were fist bumping us. This was all Trumps doing.

Babbit's murder by DC Police is horrible., but inevitable. The tree was going to get watered, and that isn't over yet, I suspect.

Be calm and happy. Things will be hectic for a week or two, but then we will see him sworn in again.

Today was just a single day in the greater culture war. So many are awake after last year, may fall back to sleep but you can't unsee all of this.

I just want to know Trump is safe, and that General Flynn truly has an army to give his rank the me it deserves.
